Design Series Patio Door

inspired by you.
Get the best of both worlds
On the outside, extruded aluminum cladding ensures lasting beauty. On the inside, high performance vinyl offers a clean, low-maintenance look.

Sturdy construction
Multi-chamber 100% PVC frame and sash with steel reinforcements ensure lasting beauty.

High efficiency glass
Designed for our northern climate, it increases comfort and lowers energy bills. LoE glazing ensures maximum energy rating.

Interior Colours

**What’s your climate zone?**

Ply Gem windows and patio doors can be configured to meet or exceed ENERGY STAR® requirements for each climate zone. For ENERGY STAR ratings visit plygem.ca.

---

**What is LoĒ?**

Low emissivity (LoĒ) coatings are applied to glass surfaces to reduce the transfer of heat through the window. High solar gain LoĒ lets more of the sun’s heat pass into a room. Low solar gain LoĒ blocks more of the sun’s heat.

*Painted hardware to match door colour. Colours are reproduced as accurately as printer technology allows.
Make a **bold statement.**

These aluminum-clad vinyl windows offer the best of both worlds: durable, colourful exteriors and low-maintenance vinyl interiors. They pair well with our Design Series patio doors.

**Standard Features**

- **Seals out the elements**
  Tri-Fin weatherstripping prevents drafts, dust and moisture from getting in.

- **Smooth operation**
  Spring balance system makes opening and closing single-hung windows easy; holds sash open at any height.

- **Energy-saving glass**
  Design Series windows are available with double- and triple-glazing. Insulated glass units with LoE and argon can be tailored to your requirements.

**Ply Gem. Trusted by more builders than any other window brand.**

**WARRANTY**

**Limited Lifetime Warranty**

The quality of Ply Gem windows and doors is reflected in the warranty that backs them. We guarantee our double-glazed glass units against failure for as long as you own your home. Triple-glazed glass units are warranted for 20 years. Other components in our vinyl windows and patio doors are covered for 20 years. Furthermore, if you sell your home coverage is transferable to the new owner for up to 10 years. So whether you’re moving in or moving on, your investment is protected.

Ply Gem is the number one provider of vinyl windows and doors for new homes across Canada. No other manufacturer produces more windows for more homes. And with a wide range to choose from, there’s a Ply Gem window or door that’s right for every home. Each is built with the same attention to quality that’s been the hallmark of Ply Gem since 1947.
The Ply Gem Difference

When you choose building products for your home, you want them to last. Just as important, you want the company that stands behind those products to be there when you need them. As North America’s leader in low maintenance exteriors, you can choose Ply Gem with confidence. Every product we make meets strict quality standards and is backed by a comprehensive warranty. Builders, remodelers and homeowners have put their trust in us for over 70 years. Experience the Ply Gem difference. Build peace of mind with us.
