ALUMINUM TRIM COIL

2-COAT ACRYLIC SMOOTH FINISH
DESCRIPTION
- length 50'
- 24" trim sheet
- nominal thickness: .019"
- back - weatherable white
- available colors pages 92-101

PACKAGING
- 1 roll / carton
- 24.6 lbs. / carton

PVC STRIATED FINISH
DESCRIPTION
- length 50'
- 24" trim sheet
- nominal thickness: .019"
- back - protective coating
- available colors pages 92-101

PACKAGING
- 1 roll / carton
- 26.2 lbs. / carton

NO. 366DP
DURAPRO® NO-MAR SATIN FINISH
DESCRIPTION
- length: 50'
- 24" trim sheet
- nominal thickness: .019"
- Protective Coating [backside]

# Alumina Trim Coil

## No. 36634
### Smooth Acrylic (150')

**Description**
- Length: 150'
- 24” trim sheet
- Nominal thickness: .019”
- Both sides weatherable
- Two-coat acrylic smooth finish

**Colors**
- Dover White / Dover White 203
- Window White / Window White 274

**Packaging**
- 1 roll / carton
- 73 lbs. / carton

## No. 36635
### PVC Striated (150')

**Description**
- Length: 150'
- 24” trim sheet
- Nominal thickness: .019”
- PVC striated finish

**Colors**
- Dover White 203
- Window White 274

**Packaging**
- 1 roll / carton
- 79 lbs. / carton

## No. 36623
### Smooth Painted

**Description**
- Length: 50’
- 14” trim sheet
- Nominal thickness: .019”
- Both sides weatherable
- Two-coat acrylic finish

**Colors**
- Dover White
- Black/Musket Brown
- Black/Royal Brown

**Packaging**
- 1 roll / carton
- 14.4 lbs. / carton

Compound Cell Classification: Variform Polyvinyl Chloride (PVC) compound is defined as 13344-B in conformance to ASTM D 1784 (1/8 inch Izod specimen).

Weathering: Environmental exposure testing conducted in three environments; dry, hot climate (Arizona), hot, humid climate (Florida) and northern temperate climate per ASTM D 3679.

Color Monitoring: Lot-to-lot color monitoring conducted by Spectrophotometer per Standard Test Procedure CQA332Q3.

Lock: Precision formed using post formed technique.

Product specifications are accurate as of the printing date of this specification sheet.

VSI Fire Statement: Rigid vinyl siding is made from organic materials and will melt or burn when exposed to a significant source of flame or heat. Building owners, occupants and outside maintenance personnel should always take normal precautions to keep sources of fire, such as barbecues and combustible materials, such as dry leaves, mulch and trash, away from vinyl siding. The Variform research and development team has developed a proprietary revolutionary technology - PermaHue®.

For a complete listing of certified products and information about the fire properties of vinyl siding, contact the Vinyl Siding Institute, 1201 15th St. NW, Suite 220, Washington, D.C., 20005 or visit the VSI website at www.vinylsiding.org for a current listing of certified products and colors.
Extruded Polyvinyl Chloride (PVC) consisting exclusively of PVC compound with the following typical properties:

Compliance
Variform vinyl siding is listed in the National Evaluation Report-460, N.E.R.-460 and is recognized by SBCCI (Southern Builders Code Congress International), ICBO (International Conference of Building Officials) and BOCA (Building Officials and Code Administrators International).

Variform Vinyl Siding and Soffit is in conformance with ASTM D 3679, ”Standard Specification for Rigid Polyvinyl Chloride (PVC) Siding.”

*Consult the VSI website at www.vinylsiding.org for a current listing of certified products and colors.

HOW HOVER WORKS:

SNAP A FEW PHOTOS
Photos are captured using the HOVER app and are automatically uploaded to the cloud. Take a minimum of 8 photos capturing every angle of the home and that’s it for you.

PATENTED TECHNOLOGY
Once the photos are uploaded, HOVER’s patented technology transforms them into a fully measured and customizable 3D model. We notify you when your deliverables are ready.

REVIEW MEASUREMENTS
Access all measurements on the interactive 3D model in the mobile app or online. You can also export all all measurements to a PDF or Excel file.

CUSTOMIZE ANY HOME
On the interactive 3D model you can use the design features to change the roof, siding, windows and more. You can also share a link to this 3D model to make sure everyone is on the same page.

HOW TO DOWNLOAD HOVER AND SIGN UP:
Just follow the steps to download the app and create an account
1. Open the app store on your mobile device
2. Search for HOVER 3D
3. Download the HOVER app
4. Once downloaded on your mobile device, open the HOVER app
5. Tap “New User Sign Up.” Enter your email address and click on “Professional”
6. Enter your contact info and set a password
We’ve Got Your Back.

We reward our loyal Variform pros with a suite of business-building tools, programs and training materials, created to give you a smoother, more profitable building experience.

• Training, installation and certification programs
• Marketing and sales tools
• Specification and visualization technologies
• Special offers and rewards

Ask your distributor for these business-building tools

Brochures
Brochures help you build excitement around Ply Gem products. Use them at in-home consultations as you explain the various products or leave them behind to help generate more business.

Portfolios
Help homeowners make their final purchasing decisions by sharing an actual sample supported by key product details.

Banners & Display Boards
Use these tools to help you sell products professionally at home shows, open houses and other events. These tools are lightweight and easy to set-up and breakdown quickly.

2600 Grand Blvd., Suite 900, Kansas City, MO 64108  •  Phone: (888) 9-PLYGEM  •  variform.com
