

ECLIPSE® > VINYL SIDING

COVER IMAGE: Eclipse® Double 5" in Silver Grey
THIS IMAGE: Eclipse® Double 4" in Victorian Grey

No paint. No stain. No hassles. Eclipse® offers the classic look of real wood, minus the costly upkeep. This .040 panel with an advanced locking system and nail hem is rated to withstand wind velocity up to 150 mph. Eclipse® siding delivers beauty and value.

ADVANCED LOCKING SYSTEM AND NAIL HEM

Precise, secure fastening, easier installation and tighter fit combine to deliver added strength and stability — even in high winds.

PREMIUM .040 NOMINAL THICKNESS

Greater strength, greater rigidity and a panel that hangs straighter.

**WIND VELOCITY —
RATED UP TO 150 MPH***

Proprietary design and engineering delivers a panel that achieves superior wind resistance.

1/2" PANEL PROJECTION

Enhanced shadow lines replicate the appearance of real wood panels.

HANG-TOUGH™ TECHNOLOGY

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

BREATHE EASY

Cutting does not produce harmful silica dust which can cause lung disease.

NO PAINT, NO HASSLES... NO HARM DONE

Since vinyl doesn't require paint or stain, harmful VOCs aren't released into the atmosphere.

CLASS 1(A) FIRE RATING

V.I.P. LIMITED LIFETIME WARRANTY

Premium guarantee of lasting quality and peace of mind — backed by Ply Gem®, a trusted industry leader for 75 years. *See warranty for complete details.*

GET STARTED

CHOOSE A HOUSE OR UPLOAD YOUR OWN

It's that easy, just select from a variety of home styles or upload a picture of your own home to see the transformation.

ADD COLOR + VISUALIZE

THE INTERACTIVE DESIGN TOOL

Try the new Ply Gem Home Design Visualizer, a quick and easy way to see what different products, colors and palettes look like on your home.

GIVE YOUR HOME THE PERFECT FINISH

The big things like siding and windows make the house, but it's the finishing touches that make it home. So start with the rich texture of shakes or the crisp shadow lines of lap or board and batten siding, but finish with charming shutters, expertly crafted trim or rustic stone. Creating your dream home exterior can start and finish with Ply Gem. Every product we make is designed to perform and look beautiful together. Because a house is a home when it's **perfectly finished.**

Test our vinyl siding. We do. Rigorously. Relentlessly.

Vinyl siding delivers what homeowners want.

Most important factors in siding material according to homeowners:

Source: Ply Gem primary research, December 2020

DURABILITY. If you're looking for siding that is durable, low maintenance and looks beautiful, Eclipse® siding is the ideal choice. Eclipse will enhance your home's appearance today — and for years to come.

COLOR AND TEXTURE. Featuring beautiful colors in three panel sizes, Eclipse® has the classic look of real wood siding — minus the hassles and costly upkeep. Eclipse siding not only delivers beauty, but value and durability.

No paint. No stain. No hassles.

Based on an average-size home, repainting or staining can cost up to \$6,000 every four years. Eclipse never needs painting, caulking or patching because, unlike wood, it won't crack, peel, rot or split. And the maintenance cost of vinyl siding is negligible (just soap and water).

TIME-TESTED. CERTIFIED. AND MORE.

Mastic vinyl siding products are certified through the Vinyl Siding Institute (VSI), which sponsors third-party certification to ensure vinyl siding quality. Mastic vinyl siding meets or exceeds ASTM D3679 performance standards for impact resistance, weatherability, product thickness and performance in extreme conditions — all requirements in the VSI certification program.*

*Consult the VSI website at www.vinylsiding.org for a current list of certified products and colors.

VIP LIMITED LIFETIME WARRANTY. Eclipse® is backed by a Limited Lifetime Warranty. Enjoy a premium guarantee of lasting quality and peace of mind from Ply Gem®, a trusted industry leader for 75+ years. See warranty for complete details.

A HEALTHY HOME STARTS WITH THE BASICS

You want the best health for your family — and that starts at home. We offer a full line of coordinating accessories so your home can be healthy from the outside in.

Why does ventilation matter? Vents protect your home from heat and moisture buildup and keep fresh air moving. Sturdy and well-built, Ply Gem® vents are specially engineered to deter insects, birds and other animals. They're easy to install on all types of siding and come in hundreds of colors and a variety of designer styles. Best of all, Ply Gem vents are constructed of high-performance, long-lasting vinyl for a lifetime of low maintenance.

OIL CAN TEST Siding panels are placed under heat strips and saturated to 120° – 140°F to make sure the siding doesn't warp or buckle.

WEATHERING Color retention (resistance to fading) is tested by subjecting Mastic products to real-time weather conditions and accelerated UV testing. This ensures that Mastic products will hold up in the most extreme environmental conditions.

RIGIDITY Panels are designed and engineered to be more rigid so the siding remains straight on the wall.

COLOR READ TEST Using a spherical spectrophotometer, a 10,000-watt xenon flash tube bounces light off a siding panel. This information is then analyzed to determine if the color falls within accepted ranges for color consistency and match.

VERTICAL HEIGHT IMPACT TEST Measures the product's durability and ability to resist impact forces — the result of proper thickness, formulation and impact modifiers.

GLOSS TEST A digital readout microgloss meter is used to scan siding to determine if its gloss falls within a target range. Gloss is important to the aesthetic appeal of the siding.

UTILITY VENTS

Sturdy utility vents provide excellent cross-ventilation of garages, foundations and range hoods. The louvered exhaust vent is ideal for removing the moist air of dryers and bathrooms. Intake louvers and soffit intakes work in tandem with vents to maximize the flow of air, allowing your family to breathe easier. With our utility vents, a home not only looks beautiful, but feels fresher.

GABLE VENTS

Typically installed at the peak of a roof, gable vents encourage proper airflow in your attic. Ply Gem gable vents allow maximum ventilation and feature a special snap-on system for easy installation and cleaning. Whether you choose to have your gable vents blend in with your siding or stand out as a decorative accent, you'll find a variety of stylish options.

VENTURA® HIDDEN VENT SOFFIT

Sculpted in clean lines and smooth surfaces, Ventura Hidden Vent Soffit features a contemporary, long clear span design. It allows 50% more airflow, reducing utility bills and preventing mold and mildew damage.

Mastic products are part of the **Cornerstone Building Brands** family of products—North America’s largest manufacturer of residential and commercial exterior building products.

Our Mastic siding products carry a superior warranty, providing comfort as you create the exact home you want for decades to come. And thanks to the industry’s most advanced engineering processes, Mastic products deliver darker colors and better performance than were possible just a few years ago.

Dream big on your new home or remodeling project — with Mastic.
