PREMIUM VINYL SIDING

MAKE MORE POSSIBLE.

# QUEST®

## PREMIUM VINYL SIDING

Quest® premium vinyl siding includes a tornado-tough, double-thick nail hem design to hold tight in the highest winds. It is virtually maintenance-free and beautiful season after season. And it's available in long lengths for fewer seams and a flawless look, even on larger homes.

PREMIUM DEEP COLOR

Not all colors are available in all profiles. Due to printing limitations, colors may not be exactly as shown. Refer to actual sample and color chips for best match.

\*Tested in accordance with ASTM D5206. Wind speed rating will vary depending on specific code region and construction method. Refer to local building codes for detailed requirements concerning allowable wind loads and specified conversion tables for actual wind speeds. Example wind velocity for 64 PSF is 163 MPH Zone B @ 30' building height.

### PREMIUM .046" NOMINAL THICKNESS

Superior thickness and impact resistance.

### WIND VELOCITY

#### — RATED UP TO 163 MPH\*

The Mastic brand delivers a cutting-edge panel designed to achieve superior wind resistance. Standard Wind Load Design Pressure (DP) of 64 PSF and can resist a Wind Velocity of up to 163mph.

MIAMI-DADE COUNTY  
APPROVED

### LONGER LENGTH AVAILABLE

Longer lengths of 16' 8" is available in Double 4" and Double 4 1/2" Dutch Lap for fewer seams and a cleaner, straighter more professional look

### PATENTED T-3 LOK®

Panels grip together for fast, easy installation — uniquely designed lock tightens under pressure so siding stays put even in the most challenging weather.

### ROLLOVER, REINFORCED NAIL HEM

Easier installation — more precise and secure fastening.

### ENHANCED 3/4" PANEL PROJECTION

Oversized to provide extra rigidity — and uniquely angled to create straighter, deeper shadow lines.

### HANG-TOUGH™ TECHNOLOGY

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact, and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

### KYNAR 500® PROTECTION

Our cedar colors feature an exclusive thermal bonding process to create a protective coating with superior weatherability and color retention.

### DURANYL® 5000 PROTECTION SYSTEM

Proprietary technology adds extra UV protection and maximizes long-term weatherability.

### CLASS 1(A) FIRE RATING
