

GUTTER PROTECTION
ISN'T ROCKET SCIENCE.

888-9PLYGEM

We're not sending a man to the moon. We're preventing leaves from landing in your gutter. For effective, affordable gutter protection, there's **Leaf Smart by Ply Gem**. Sometimes the simplest solutions are the best.

2600 Grand Blvd., Suite 900, Kansas City, MO 64108

GUTTER PROTECTION
MADE SIMPLE.

SCREEN OUT LEAVES AND DEBRIS.

Leaf Smart is a steel mesh screen that prevents leaves and debris from clogging your gutters. It's ideal for both new and older homes and can be installed in minutes. With Leaf Smart your gutters can do their job protecting your home.

CALL 888-9PLYGEM.**

DESIGNED TO PERFORM.

From the size and shape of the holes to the "roll-off" design, Leaf Smart is engineered to allow maximum water flow while preventing debris collecting in your gutters.

- Small holes deflect twigs and small leaf debris
- Arch design helps prevent leaf build-up
- High back reduces debris build-up at back of gutter

MADE TO LAST.

Life in the gutter can be miserable on materials. That's why we make Leaf Smart from powder-coated galvanized steel.

- High-performance coating resists corrosion
- Black mesh screen is practically invisible from the ground
- Backed by a 5-year material warranty

 **LEAF SMART™**
