

You want beautiful, easy-to-install, high performance windows you can choose with confidence. When you select Ply Gem Windows through The Home Depot, you get just that. Whether you're building a new home or updating the place you've lived in for years, we have windows and doors with the function, design and performance options to match your needs, architecture and budget.

America's #1 brand in vinyl windows

4 easy steps:

Finding the right product starts with asking the right questions.

1

Determine your project

- **New Construction / Remodel** - These windows are for a new home or a home addition
- **Replacement** - These windows are replacing existing windows

2

Decide on style

- Single Hung
- Sliding
- Casement
- Fixed
- Awning
- Combination
- Architectural Shapes
- Patio Door

3

Customize your windows

- Colors
- Grille Options
- Grille Patterns
- Hardware Finish
- Privacy Glass

4

Identify your performance needs

- Energy Star or Title 24 (California)
- Is sound reduction needed?
